

**Dr. K. Prabhakar Reddy**

Principal

### **Criterion-4: IT Infrastructure**

#### **4.3.–Physical Facilities**

4.3.1 – Institution frequently updates its IT facilities and provides sufficient bandwidth for internet connection.

The College has adequate IT infrastructure and physical facilities to impart better teaching and to equip the skills of the learners. It ensures its optimal utilization in order to create a meaningful teaching-learning environment and also augments infrastructure at regular intervals depending on the need, especially with the support of the State Government, CPDC, and philanthropists. Besides these, a few Staff Members also contribute to the Institution. For instance, Dr. Talanki Jeevan Kumar, Lecturer in English, donated two computers to the college so that the students can register in online courses and earn certificates and download additional material from the internet on the contents prescribed to them.

The campus is spread over in 10 acres of peaceful land surrounded by hundred trees. There are 12 classrooms which include a virtual classroom and a seminar hall with ICT tools. The Staff members effectively utilize the ICT tools to impart better teaching in the classrooms. They play videos, show pictures made on the topics prescribed to the students and learn their subject. The institution has 10 Mbps fiber cable internet connectivity. The campus is wi-fi enabled and the password is shared to all the students so that the students can watch videos on the topic prescribed and download additional material on the subjects.
