WORLD PEACE DAY

World Peace Day is celebrated by the Department of Political Science and NSS UNIT. The UN General Assembly has declared this as a day devoted to strengthening the ideals of peace, through observing 24 hours of non-violence and cease fire. The 2022 theme for the International Day of Peace is “End racism Build peace” Every year on the International Day of Peace, the UN invites all nations and people to commemorate the Day through education and public awareness on issues related to peace. Also, the United Nations asks people to honor a cessation of hostilities during the day on September 21.

The UN aims to build a society where every individual feels safe and can flourish regardless of race. To ensure global peace, tackling racism is the focus, especially now, when the world has suffered so much throughout the pandemic and the wars in different nations causing people to give up their homes. An activity that is common in people observing this day is the one minute silence that is observed at 12 noon across all time zones.
